

ADDENDUM NO. 2
Nebraska State Office Building
Phase 2 Modifications
301 Centennial Mall South
Lincoln, Nebraska - 2016
January 2016 / OA Project No. 015-1837

Design Professionals:

Olsson Associates – Mechanical & Electrical Engineers

DATE OF ISSUANCE: January 29, 2016

The Project Manual and Project Drawings dated January 2016, for the above referenced project, are amended by this addendum.

NOTICE: This Addendum is issued to all interested prospective bidders as an amendment to the project manual or other parts of the bidding (contract) documents for the above named project. Reference to this Addendum must be included in the Bid proposal. The information contained herein shall be fully incorporated into the contract documents as though originally included therein.

ARCHITECTURAL PROJECT CHANGES

1) Refer to Sheet A1.2– Detail 6, Typical Railing Anchorage Plan

In reference to these sheets (not attached), the new handrail posts shall be epoxied into the new stainless steel post sleeves in lieu of welding, to avoid damage to the handrail post finish. Epoxy shall be Sikadur 32, Hi-Mod structural adhesive or equivalent.

2) Prior Approvals

The following manufacturers are approved for bidding purposes, subject to the provision of the specifications and drawings.

Specification Section 238216.11 – Hydronic Air Coils: Add 'Precision Coils'.

END OF ADDENDUM NO. 2
